

THE KW SHAFTS BY JACOBY ARE HAND SELECTED
PIECES OF GRADE A HARD ROCK MAPLE WHICH
ARE PUT THROUGH A HEAT TREATING PROCESS
KNOWN AS TORRIFICATION. THIS PROCESS GIVES
THE WOOD ITS DARK, RICH CARAMEL COLOR AS
WELL AS A NOTICEABLE MAPLE SYRUP SMELL.

THE KW SHAFTS HAVE A UNIQUE HIT AND
PHENOMINAL "TONE-LIKE" RESONANCE. THIS
QUALITY IS ALSO FOUND IN HIGH END WOODEN
MUSICAL INSTRUMENTS SUCH AS VIOLINS AND
CELLOS.
